Including Rare items not Previously offered by us

FOR COMPLETE LIST OF SEEDS, BULBS, ETC. SEE OUR 1940 CATALOGUE

ANGEL TRUMPET — Giant White.

Immense, fragrant, white trumpets, splendid for large pots or tubs for outdoor Summer decoration.

Before arrival of Frost place in cellar and carry over the winter in a semi-dormant condition with an occasional light watering.

Spectacular outdoor plant for Florida.

Packets 50c. and 30c.

ANTIRRHINUM *An-ti-rye'-num*

New Greenhouse Forcing Snapdragons

Maid of Mars. This is the finest snap to date. Bright yet light pink, 12 to 18 inches of bloom on straight strong stems. It is an immense cropper. Packet (1000 seeds) \$3.00

Bezdek's Yellow Wonder. An early blooming bright yellow, very choice. Packet \$2.00

Trivett's Earliest White. A grand, new, early blooming white, great cropper from early to late, medium height. Packet \$1.75

ASCLEPIAS *As-klee'-pi-as*

Annual Purple. Fine heads of purple bloom for cutting or display in the flower border. Sow indoors in March, height 2 to 3 feet.

Packet 25c.

BEGONIA *Be-goh'-ni-ah*

New, Tall Variety from Seed

Edith Willkie. We take pleasure in offering this grand new sort for 1941. The plants actually attain a height of 2½ to 3 feet. The large blossoms are lovely, rich pink with bronzy-green foliage. Splendid for shady or sunny flower borders, large beds and for cutting. A very profuse bloomer, flowering all Summer until cut down by frost and will even survive first light frosts. Easily raised from seed sown indoors during January-February and planted out later.

Packets 75c., 50c., and 30c.

1/32 oz. \$1.75 1/16 oz. \$3.00 ¼ oz. \$5.00

BLACKBERRY LILY

This is Pardanthus or Belamcanda Chilensis

Trivett's Compacta. An improved, compact type, hardy perennial which should be sown in Spring or Autumn. Showy orange and crimson blossoms followed by glossy "blackberry" clusters which may be dried for winter decorations. About 3 feet high, for perennial borders, naturalizing and cutting, easily raised. Packets 35c. and 20c. ¼ oz. \$2.00

CALENDULA *Kah-len'-deu-lah*

New Dwarf Bedding Variety

Pale Moon. See Illustration Page 2.

Medium size, creamy-yellow double flowers on dwarf, compact plants, an easily grown annual, ideal florist's bedding plant.

Packets 25c. and 15c. ¼ oz. \$1.00

CALIFORNIA POPPY See Eschscholtzia Page 2.

T.T.S.

NEW ANNUAL CALLIOPSIS Trivett's Tall Double Mixed

The flowers are semi-double and double, held erect on long graceful, wiry stems which make this new strain ideal for cutting. The mixture contains all the usual calliopsis colors and combinations.

The plants reach a height of 3 feet or over and bloom profusely from July until Autumn. An easily grown annual, sow the seed outside April-May.

Packet (3000 seeds) 25c.

¼ oz. (about 20,000 seeds) \$1.50

NOTICE! PLEASE READ
